

INTRODUCING TRANSITIONAL KINDERGARTEN

INAUGURAL YEAR 2024-2025

WHAT IS TRANSITIONAL KINDERGARTEN AT THE PRESENTATION SCHOOL?

Transitional Kindergarten is a stepping stone between preschool and their entrance to the K-8 school experience. Children who attend TK at The Presentation School will expand their understanding of foundational academic skills which will support their growth once they enter kindergarten. Transitional kindergarten honors the developmental needs and appropriateness of children at this stage in development. This includes many opportunities for movement, play, discovery, and social growth experiences.

WHAT IS THE TK SCHEDULE?

The Presentation TK program offers two options: a half day schedule 8:15-12:45, and a full day option 8:15- 3:15. TK students have access to our aftercare program as well which runs until 5pm daily.

Our whole child approach to learning balances quiet and active periods as well as student and teacher directed activities. There is an emphasis on independent work, fostering a greater sense of autonomy, cooperation, and acquisition of readiness skills. Providing a schedule for students that mirrors a traditional primary school day, leverages the student’s longer attention span and capacity for learning.

All TK students receive instruction in literacy and mathematics with the TK pod during the morning. Students who partake in a full day schedule join the kinder class at lunch for the remainder of the day. Together, these students participate in science, social studies and all specialist classes (art, music, PE, SEL, and Spanish).

Our TK pod participates fully in the community and social life of The Presentation School. TK students attend all-school assemblies and share their learnings on stage with our community. Students begin developing the hallmark skills and qualities of a Presentation student such as excellent public speaking abilities, a curiosity for the world around them and a sense of responsibility in the community.

AFFORDING PRESENTATION

Economic diversity is an important goal at Presentation. Our ability to attract students from a broad array of economic backgrounds helps us provide a richer educational and social experience for our school community.

INAUGURAL TRANSITIONAL KINDERGARTEN POD 2024-2025

Presentation’s inclusive tuition model ensures all families that virtually all supplemental costs are accounted for in the price of tuition, scholastic and registration fees. Including these costs up-front allows families to plan effectively and avoid incurring additional fees after enrollment.

TUITION RATES

The Presentation School’s tuition and fees are set annually by the Board of Trustees. The Board of Trustees also allocates significant funds annually to support families who apply for and qualify for tuition assistance.

Transitional Kindergarten Tuition and Fees	
The Presentation School 2024-2025
